

# **DRAFT OF THE LAW ON DNA REGISTRY PRESENTED**

November 2<sup>nd</sup>

A public debate on the Draft Law on the National DNA Registry was held at the Police Headquarters in Nis. Nis City Mayor Darko Bulatovic welcomed forensic experts and representatives of the Ministry of Internal Affairs and emphasized the importance of creating a national DNA register, in order to better resolve the cases in which the using the DNA method is crucial. The public hearing will last until November 10, and the suggestions are expected from the professional public. The use of the DNA method in finding criminals is present in the world for almost 30 years.
