

Honorary Consuls

The City of Nis, besides Belgrade as the state capital, has the most numerous diplomatic corps in Serbia. The diplomatic agréments were awarded to five distinguished citizens of Nis who gained the title of Honorary Consul. Great Britain, Hungary, France, Slovakia and Austria chose the citizens of Nis for their honorary consuls, appreciating their commitment and contribution to strengthening ties and cooperation in various areas with these countries. Honorary consuls, by performing their duties, actively contribute to the promotion of friendly relations with the state they represent, and in cooperation with the permanent mission of that state, help to develop bilateral contacts and connections in all areas of mutual interest.
